09:15	 <p>Transforming Governance: The Role of Artificial Intelligence in the Communities of Tomorrow – Anca D. Goron, PhD, AI Expert & Smart City Platform Coordinator, Forbes 100 Female Founders</p> <p>Session Description: This session will explore the intersection of AI and governance, focusing on how AI technologies can revolutionize decision-making processes, enhance public services, and foster community engagement. It will highlight the benefits of AI in creating more efficient, transparent, and responsive governance services, while also addressing concerns around ethics, accountability, and equitable access to technology.</p> <p>Speaker Bio: Anca Goron holds a Ph.D. Degree in Artificial Intelligence and is an AI advisor and founder of her own AI Consultancy & Research company (avaresearch.ai) focused on conceptualizing and implementing AI solutions and strategies. Since 2020 she is a member of the Smart City Standards Analysis Technical Committee for the Romanian Standards Association and collaborates as a mentor and expert for women in tech and AI. During her over 18 years of activity in business technology in the Internet of Things, Deep Tech, Smart City, Data Security and more recently Space & Astronautics, she founded two startups and put her mark on several innovative products and initiatives, which led her to be included in the Top 100 Females Founders list by Forbes in 2018.</p>	Corda Campus

He is a member of the political management of the</p>	Corda Campus

	Swiss Digital Administration (Political Management Committee/Digital Public Services Switzerland), an observer at the Regional Forum of the European Free Trade Association (EFTA – EFTA), Chairman of the Swiss delegation to the Congress of Local and Regional Authorities of the Council of Europe, and Spokesman of the Congress on Digitalization and Artificial Intelligence. Engineer in microtechnology, and holder of an executive-MBA, before entering politics, David Eray had worked for 21 years in the industrial sector in Switzerland as well as in the United States and India.	
11:30 - 12:30	 <p>How Western European Governments are Using A.I. – Henk Bouwman, Secretary General, EUROMETREX, The Network of European Metropolitan Regions and Areas</p> <p>Speaker Bio: Since 2016, Henk Bouwman has served as the Secretary General for METREX - the Network for European Metropolitan Regions and Areas, consisting of 53 member organizations from all over Europe. In 1998, Mr. Bouwman established his own urbanism practice, UiP urban producers, that specializes in designing long-term urban change in “places of connection” -- city centers and station districts in Europe and Asia. He has consulted with the Independent Transport Commission (ITC) on the spatial impact of High-Speed Rail and has published on connected cities as accessible places for growing economies. He has held a number of academic posts at the Academies in Amsterdam, Rotterdam and Tilburg (NL). For four years he was director of the Academy of Urbanism in London.</p>	Corda Campus
