

Webcast:

Protecting Water Quality While Meeting Smart Growth Goals

July 25, 2007; 2:00-3:30 pm EDT

Following are instructions for viewing the archived webcast, which includes synchronized audio and slide presentations.

1. Click on this link: <https://www114.livemeeting.com/cc/encounter/view?id=ebc-3k7c89n7>.
2. Enter your name in the form box and click the "View Recording" button. You will not be required to enter a recording key.
3. Install the Live Meeting 2005 Replay Wrapper. There will be a link that says either "Install Now" or "Upgrade Now." Click that link and follow the directions to install. This will take a few minutes. You must install the Replay software to view the webcast.
4. Click the  icon where it says "Microsoft Office Live Meeting Replay," to open the presentation.
5. Note that you can pause, stop, rewind, and advance the presentation using the buttons at the bottom of the screen. You may also rewind or advance the presentation by dragging the status bar left or right, or by clicking on the slide numbers to the left of the slide display.
 - Bill Buchanan's presentation begins on Slide 3, minute 0:44.
 - Geoff Anderson's presentation begins on Slide 19, minute 12:22.
 - Laurel Prevetti's presentation begins on Slide 30, minute 21:36.
 - Paul Niedzwiecki's presentation begins on Slide 134, minute 52:02.

This webcast was presented by ICMA with support from the US Environmental Protection Agency.
